## PROFESSIONAL SUMMARY

I am a Front End Web Developer with 1+ years of experience in web development. I am an expert in the development of client-side applications using HTML, CSS and JavaScript. I have designed and developed applications for a wide range of clients with different needs. I am highly skilled in debugging, troubleshooting, problem solving and have great attention to detail. I have excellent communication skills and the ability to work effectively both independently and as part of a team.

## EXPERIENCE

### Front End Web Developer

Cambodia, PhnomPenh

I have 4+ years of experience as a Front End Web Developer, working with HTML/CSS, JavaScript, and React to create engaging user experiences on both web and mobile platforms. I have also been involved in creating new WordPress designs for existing projects.
